PROFESSIONAL SUMMARY

Entry-level Legal Analyst with hands-on US startup experience in contract drafting, document automation, and multi-jurisdictional regulatory research. Independently drafted MSAs, SaaS agreements, and Delaware corporate filings during a remote engagement with a California-based software company. Final semester examinations completed May 2026; degree conferral expected July 2026. Available immediately.

PROFESSIONAL EXPERIENCE

Legal Intern → Legal Analyst

Feb 2025 – Jul 2025

Geminid Systems | USA | Remote

- Promoted from Legal Intern to Legal Analyst based on performance within the same engagement.
- Drafted commercial and corporate agreements independently, including MSAs, SaaS agreements, NDAs, SOWs, employment agreements, and share subscription agreements across Delaware corporate and non-profit contexts.
- Automated 20+ legal document templates using an internal document generation tool, replacing manual drafting end-to-end and achieving same-day turnaround.
- Redesigned 5–10 contract templates and led full migration to a document automation framework, eliminating inconsistent drafting and reducing revision cycles across teams.
- Maintained statutory compliance deadlines across multi-jurisdictional corporate governance and sector-specific disclosure requirements; prepared corporate filings and shareholder documentation in coordination with external counsel.
- Delivered structured regulatory research reports across US jurisdictions, providing compliance data used to guide operational decisions for a solar energy portfolio.
- Maintained and audited legal entity records and contract data across Salesforce and E-SIGN-compliant platforms, keeping records audit-ready for cross-functional and external counsel use.

Legal Intern — IPR Enforcement

Jun 2024 – Aug 2024

Maharashtra Enforcement | India | Remote

- Analysed trademark and counterfeit goods enforcement frameworks under IPR statutes; produced case-specific legal memoranda that shaped active investigation strategy.
- Drafted 10+ statutory complaints, investigation reports, and case documents under strict procedural timelines with senior counsel review.
- Led research and coordination for a cross-border IP investigation commissioned by a Dubai-based firm; identified counterfeit sources in Bangladesh and reported findings directly to the client.
- Managed client communications and consolidated digital enforcement findings into structured briefs for senior team review.
